

LONGEVITY ANTIOXIDANT CAPSULES

Micropellets & Powder in Capsules

FOOD SUPPLEMENT IN HARD VEGETAL CAPSULES WITH A BALANCED MIX OF MICROENCAPSULATED OLEA EUROPEA EXTRACT; A PROBIOTICS MIX AND VITAMINS E.

THESE COMPONENTS ARE USEFUL FOR THEIR ANTIOXIDANT ACTIVITY, ENRICHING THE NORMAL DIET.

ANTI-AGEING:

Oleuropein supports cellular proteostasis by enhancing proteasome activity and reducing intracellular ROS levels, mechanisms known to decline with ageing.

SKIN PROTECTION:

Olive phenolic compounds, particularly oleuropein, exert direct antioxidant activity at skin level, acting as effective free radical scavengers.

ANTI-OXIDANT:

Oleuropein shows strong scavenging activity against hypochlorous acid, limiting oxidative damage to proteins and enzymes under inflammatory conditions.

SERVING SIZE: 1 X CAPSULE DAILY
